April 9, 2019

Dear Parents/Guardians,

On an annual basis, the Ministry of Education has asked B.C. Schools to participate in a survey process that requires grade four, seven, ten and grade twelve students and their parents as well as all school staff to complete a Student Learning Survey.

The primary objective of the Student Learning Survey is to provide information that will support discussions about improving student achievement at each school. The survey gathers perceptions from students, parents, and staff on areas including achievement, human and social development, and safety. The information collected by the survey will help schools, school districts, and the Ministry set goals and establish priorities for future school years.

Students in grade 4 and 7 will take the survey with Mrs. Cull on Friday, April 12th.

Parents can click [here](#) to access this survey.

Parents will NOT require a logon number to access the survey and can use the direct access option to logon to the survey. The survey is quite simple and takes approximately 10 minutes.

The satisfaction survey needs to be completed by the end of April. We thank you in advance for your participation. The more completely our school is represented, the more useful the information will be.

If you have any questions or concerns please contact Shelly Cull at the school, 250 - 379 - 2320, or email at fal@sd83.bc.ca.
